Office Hours

November

1. With the SportsPark manager
2. With the Assistant Director of Programs and Services
3. With a Kidspace manager

December, every Friday from 5-6pm at Mad City, except for 15 Dec

The most common topic I am asked is about the redevelopment of the village center. People do not know all that has happened and what the next steps are. We will be writing a synopsis of the past few years in both complete and summary form - there is almost too much information on our webpages.

The second most common topic is the new library and I'll give an update for a few minutes about that at a future meeting. In January, one of my guests for Office Hours will be the Director of Communications and External Affairs
