

Dr. Jared Ball

Greetings, my name is Jared Ball and I am seeking your vote for the Columbia Association Board. I was raised and have lived most of my life here in Columbia, with my wife have raised two daughters here, and have served two terms on the Hickory Ridge Village Board. I am a veteran of the US Navy, where I served during Desert Shield and Storm, I have been a professor in Maryland state colleges and universities for more than 20 years, and, most importantly, I have nearly 30 years of direct engagement with any number of political and social movements all of which was recently recognized with a Freedom Scholars Award. If you are looking for a candidate to vigorously defend diversity, peace, redistribution of resources, goods, services, and protection of our environment from outside corporate influence, I am here for you.
