

Skye Anderson

Hickory Ridge has been home for 35 years.

I've trained dogs here,

read The LOG voraciously during my Afghanistan deployment,

served on the Village Board and its committees,

attended nearly every event,

engaged my neighbors in conversation about Columbia,

held weekly Office Hours, and

handed out CA business cards so you can easily contact me.

More important than electing someone who thinks like you is how a decision is made and what would change it.

I strive to be approachable, seek your opinion, listen to my neighbors: as a scientist, I'm objective and educate myself on the issues.

My presence on the CA Board is an asset to Hickory Ridge: I would be honored to serve a third term. Please exercise your right and responsibility to vote to continue the service you have entrusted me with: CA needs experienced board members! Re-elect Skye!
