CARES Corner

Thank You and **Congratulations** to our residents for keeping our neighborhoods safe and attractive!

The CARES Committee has been tracking your progress. Over the past three months, more than 90 tickets have been opened in the TellHoCo/ClickFixIt system for areas in Hickory Ridge. The tickets included areas where trash was noticed on roadside, traffic signals that were not working properly, trees and tree limbs had fallen blocking streets or sidewalks, potholes capable of causing vehicle damage had developed, and sewer/water issues. A few requests were for new crosswalks, traffic signals or street lights. All tickets were acknowledged by Howard County in one day. Most were either cleared by Howard County departments or referred to an appropriate agency (e.g. BGE, RTA, CA, etc.) to fix in days or weeks. In a few cases the issues were found to be on residential or HOA property, where the County does not have responsibility. In the cases requesting new traffic measures, traffic studies were performed by Howard County and the studies did not show adequate traffic to warrant additional measures.

Remember that you can report issues via TellHoCo from your computer or your cell phone (free app). Just search for TellHoCo! You can remain anonymous when reporting. Please take a few minutes if you notice something is broken or not working to let the County know so they can get it repaired quickly.

If you have questions for the CARES Committee, email them at cares@hickoryridgevillage.org. They will answer your question, and maybe write about the topic in an upcoming newsletter!

Trash and Recycling Bins

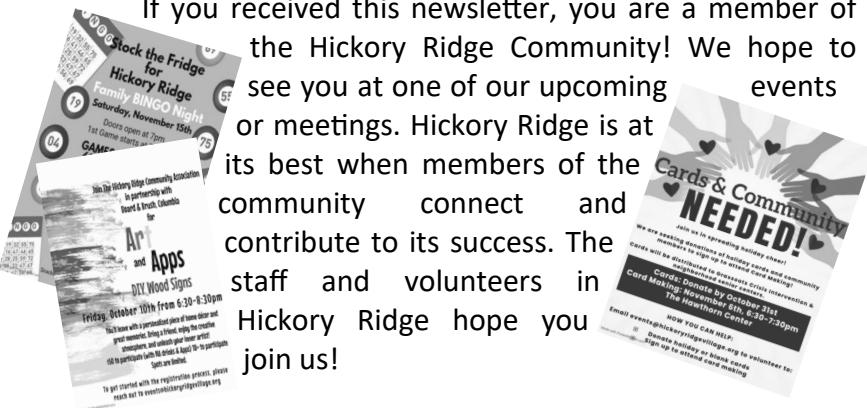

Storing your trash and recycling bins inside your garage or carport is best, but a location on the side of your home that is less visible, if they are neatly stored, is also acceptable. Bins should not be stored in front of your house. Townhouses should store bins in the back, if possible.
